## EXPERIENCE THE NEW **SSO HUB**

SSO 2020 will feature the debut of SSO HUB, a new and interactive experience that replaces the conventional exhibit hall. The HUB will feature five clinical zones: Breast/Endocrine, HPB, Melanoma/Sarcoma, Colorectal/Upper GI and Immuno-Oncology.

Each Zone will have a theater where posters, videos and meet the expert sessions will take place. All of this in addition to the HUB main stage where you may view debates, challenging case reviews, industry spotlights, clinical trial spotlights and team competitions.

### Below is a sample of programming available on the HUB Main Stage and in the Zones:

- > Invasive Lobular Carcinoma: How is it Different and Does that Affect Management?
- > Minimally Invasive Surgery for Cancer: Adopt or Abandon
- > Sarcoma Tumor Board: Challenging and Controversial Cases
- > What's new in Imaging for GI Cancer
- > Social Media for the Cancer Surgeon
